County Canvassing Board certifies General Election results

Results of Tuesday's General Election in Laramie County became official today when the Laramie County Canvassing Board convened to certify them.

The board, composed of Laramie County Clerk Debra Lee and two electors of different political parties--David Marcum, and Peter Froelicher, reviewed and certified the abstracts of the general election. Voter turnout was a record 41,353 voters, of which over 16,000 voted early or by absentee ballot.

Official results will be posted on the Laramie County Clerk's website at ww.laramiecountyclerk.com. Certified abstracts of federal and state election results, including those of proposed Constitutional Amendment A, have been forwarded to the Secretary of State for canvassing at the state level next week.
