

PRESS RELEASE

In compliance with the recent State and County Board of Health [Orders](#) related to COVID-19, the Board of County Commissioners will hold its [regular Tuesday meetings](#) electronically, beginning on April 7. Until those Orders are modified or revoked, the public will no longer be able to attend these meetings in person. Laramie County will be [live streaming](#) its meetings as it has always done, and it has added the ability for the public to comment on each agenda both before and during the meeting. You can do this through our [SpeakUp site](#). Once there, you'll be asked to create an account or to authenticate through [facebook](#) before you can comment. During the meeting, the County Clerk will read select e-comments for the Commissioners, and all e-comments will be part of the record. Although the County's inability to hold an in-person meeting is not an ideal situation, but it is a necessary one if it is to promote the safety, health, and well-being of the community.
